THIS IS ABOUT  
*Loving*  
WHO YOU ARE  
RIGHT NOW.

**This is more than just a picture—it's about loving the woman you've become, accepting who you are right now, and embracing your age at 40, 50, and beyond.**

It's about feeling comfortable in your own skin, or with the shape of your body, and loving every wrinkle and strand of gray hair you have. Honor your life, your journey, and all that you've been through to get to who and where you are right now.

Cherish this time in your life because you will never be this version of yourself again. Look back in 10, 20, or 30 years from now and hold onto this moment forever through a photograph.

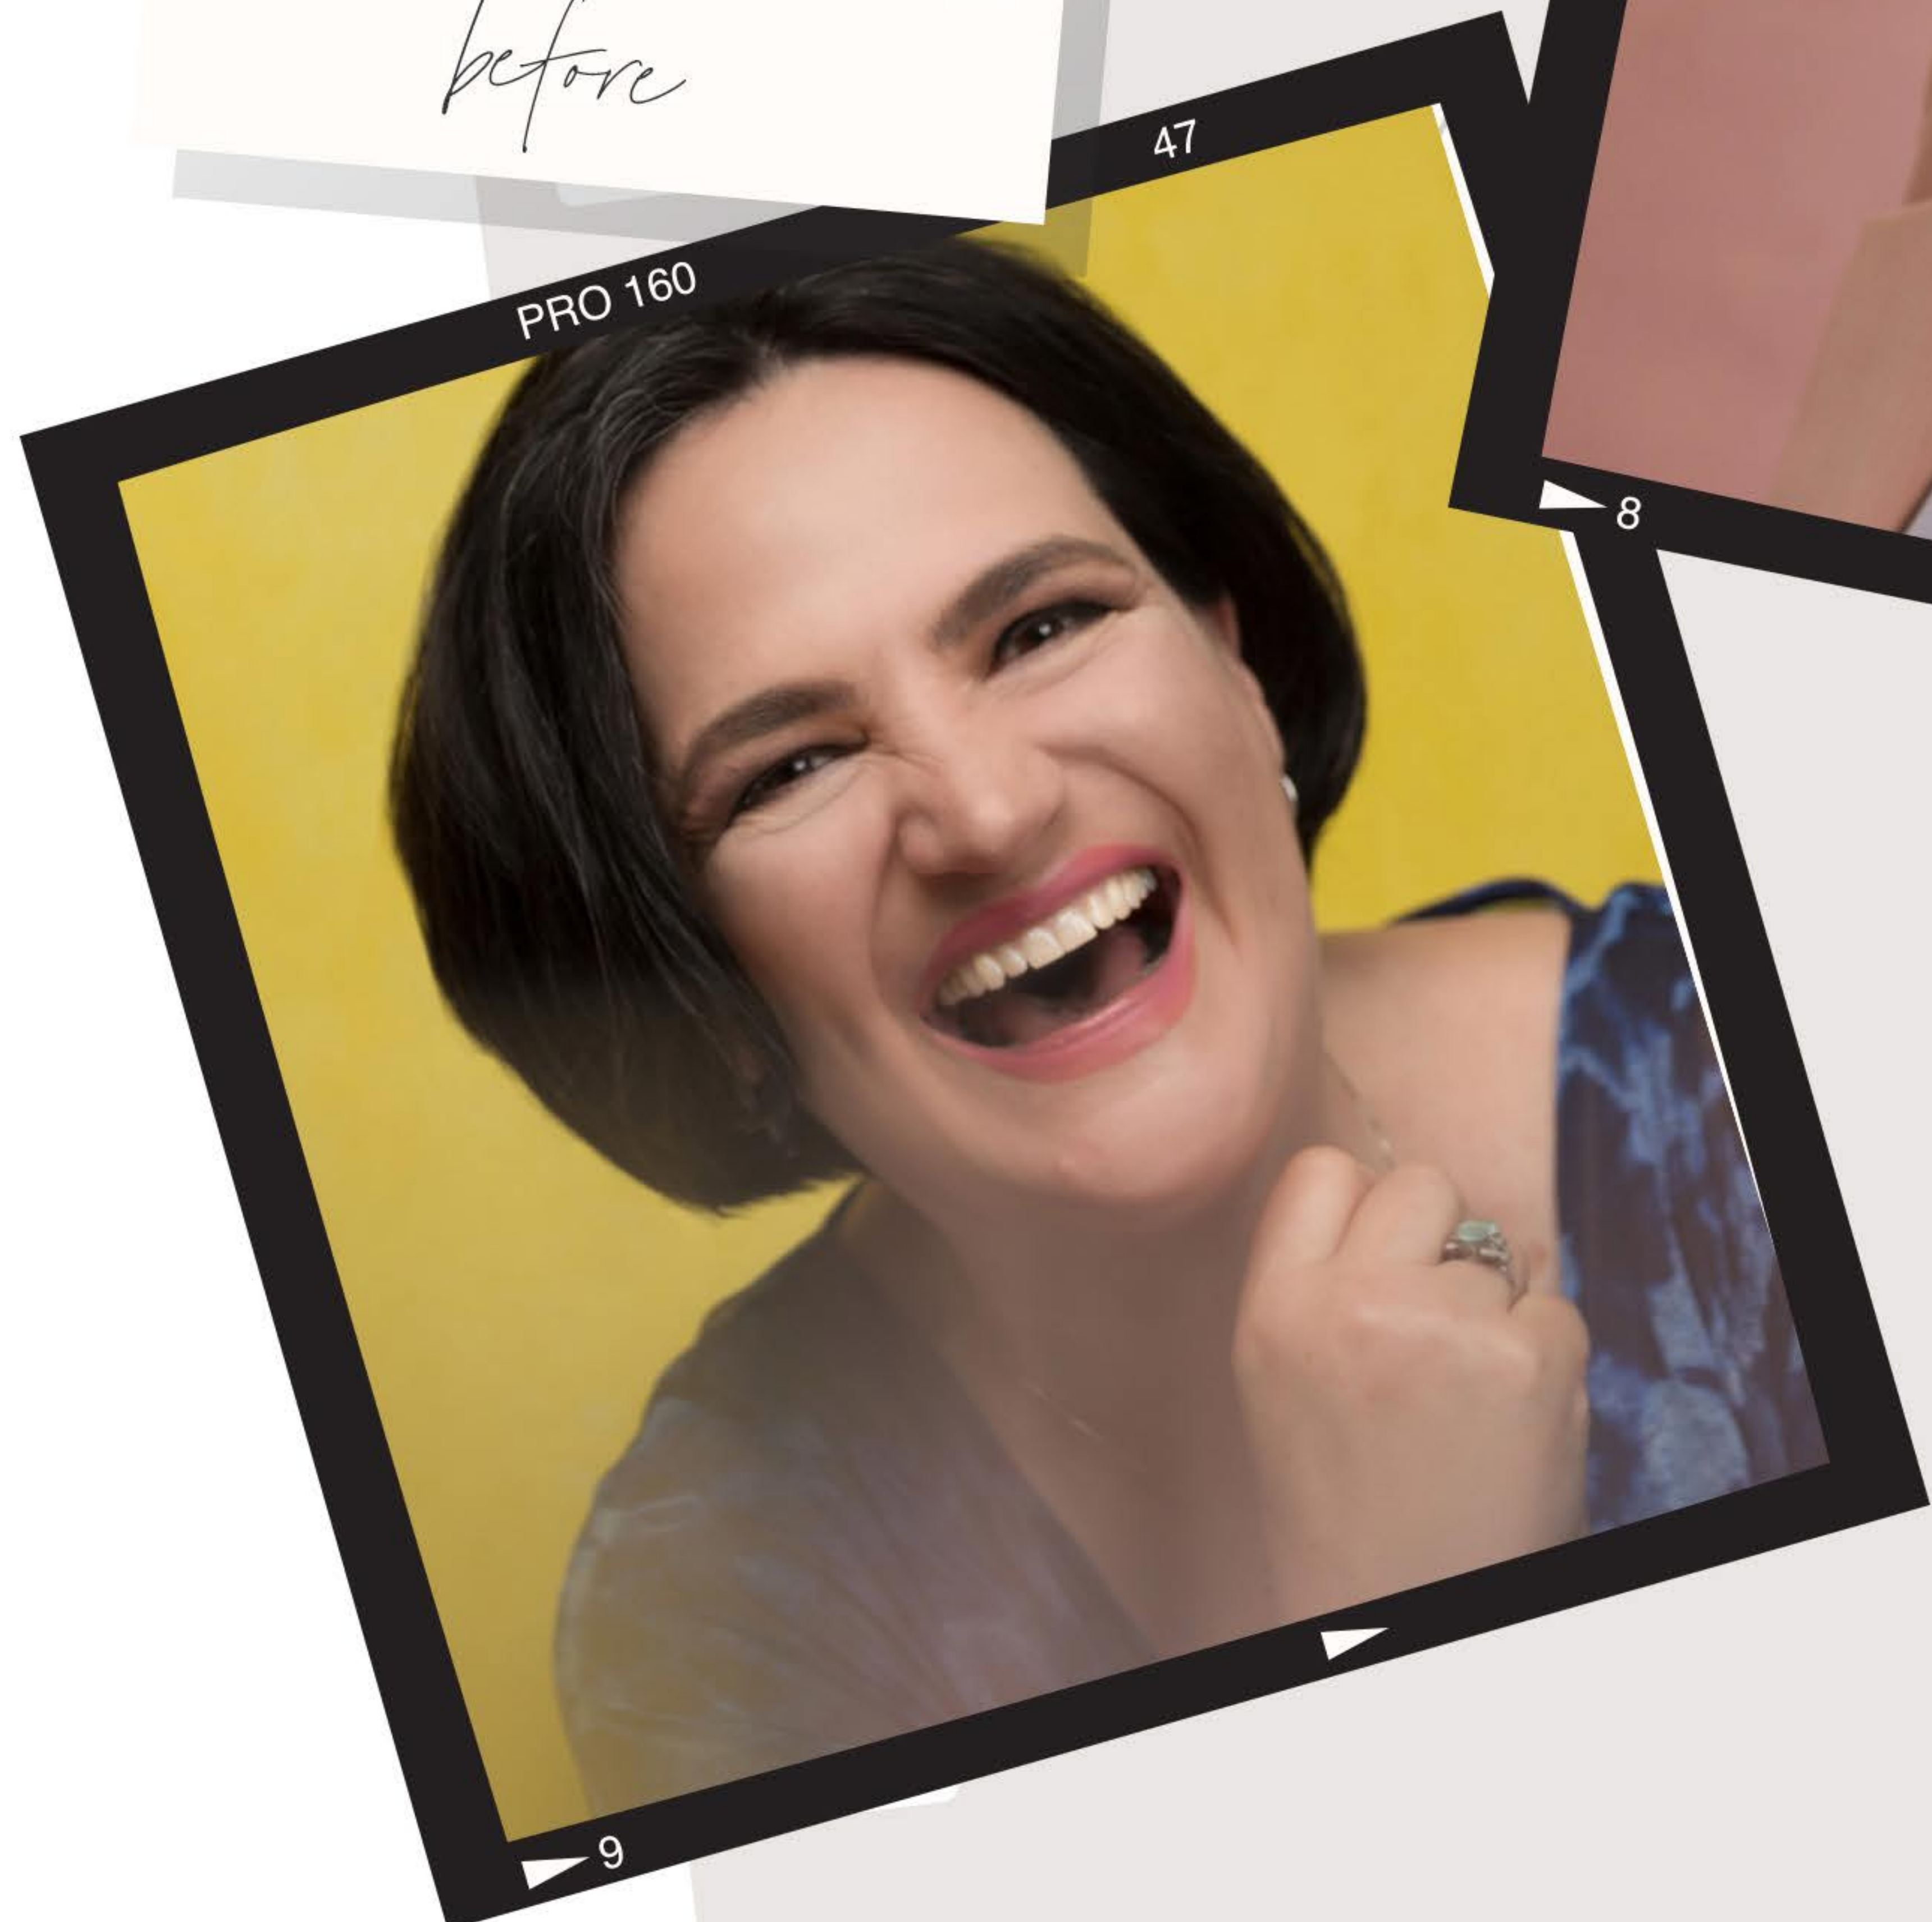

“NOTHING MAKES A WOMAN  
MORE BEAUTIFUL  
THAN A BELIEF  
THAT SHE IS  
*Beautiful*”

*You're Beautiful*  
AT EVERY AGE

THE BEAUTY OF A WOMAN  
WITH PASSING YEARS ONLY GROWS.

— Audrey Hepburn

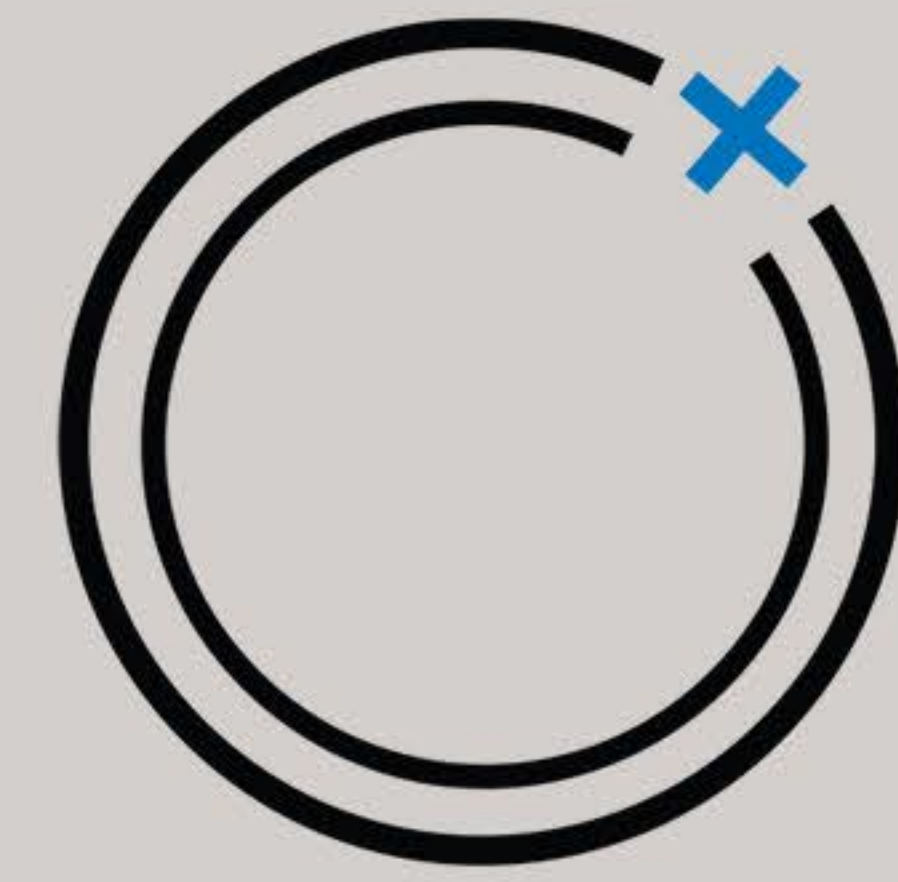

*"We met at the TOPTIA studio. Tia and her make-up artist collaborator Nobue created a warm, safe and fun atmosphere from the beginning. They put me at ease, taught me how to pose and made sure that everything looked perfect, so that I was able to just relax and enjoy."*

*"The final picture variety exceeded my expectations and it was really difficult to narrow the selection down to my favorites."*

— Tanja B.

# How it WORKS

## THE CONSULTATION

This is where we discuss the portrait session and how you would like to be photographed. Choose your makeup style and level of coverage from our menu and tell us how you want your hair to be styled. We will also plan your wardrobe and coordinate them with the backgrounds we have in the studio. We will also go through all the products we offer so you can choose how you would like to display your portraits. At the end you will be given a welcome packet that covers everything we talked about including a checklist and tips on preparing for your portrait session.

## WARDROBE & STYLING

Is there an outfit hanging in your closet right now that has been waiting for a special occasion? Now's the time to take it out! Do you like having your options and want to be photographed in a variety of styles? We can narrow it down to 3 to 5 options for you at your consultation. Not sure what to wear? We have a studio wardrobe filled with beautiful options for you to choose from! Feel free to bring your own shape-ware and accessories such as jewelry, belts, jackets, and shoes.

## THE PORTRAIT SESSION

On the day of your shoot, be sure to arrive in comfortable clothing with dry hair and a clean face. Our makeup artist will get you camera ready based on the selections you chose during the consultation. An in-studio dressing room will be available for you to change in before you experience the fully-guided portrait session, where I will gently coach you into the most flattering poses. Don't worry about being photogenic—I will pose you from head to toe! Complimentary food and refreshments will also be provided in the studio (*please let us know if you have any dietary restrictions so we can accommodate your needs*).

## THE REVEAL

Your reveal session will take place over Zoom (*which we will have discussed and scheduled during your consultation*). The reveal session is where you will see all the beautiful images from your portrait session and choose what images you'd purchase and the products you'd like to display them in. Remember with this session you will receive one complimentary 5x7" print in an 8x10" mat and a high resolution digital file. If you wish to purchase additional images, you can finalize your order at our Zoom meeting.
